National Science Week at the library

There's something for everyone to play and explore!

Bush Tucker Exploration with Koori Kinnections

10.00am-11.00am | Ages 4-14

Free | Bookings required

Spice! Mix! Create! Join Koori Kinnections to grind native pepper-berries and make tasty kangaroo meatballs with tomato sauce. In this interactive cooking demonstration, children will learn about local bushfoods and their traditional and contemporary uses, as they assist in cooking kangaroo meatballs with a native pepper-berry tomato sauce.

Design and 3D Print a Plant Pot with Tinkery

Half hour sessions running 10.00am-2.00pm

Ages 10+ | \$8.50 | Bookings required

Learn the science behind 3D printers, the basics of TinkerCAD and then spend some time designing a perfect pot for your plants at home. Designs will be printed throughout the event, so even if you don't meet the minimum age requirement you can still watch the designs bloom from the 3D printers in action.

Virtual Gardenscape with Nested Realities

10.00am-12.00pm | Ages 12+

Free | Drop in any time!

Create a collaborative gardenscape artwork in Virtual Reality using 3D drawing application Tilt Brush, under the expert guidance of the team from Nested Realities.

Tabletop Discoveries

10.00am-2.00pm | All Ages

Free | Drop in any time!

Experience a range of interactive installations, and opportunities galore to play and explore!

Sensational Succulents Workshop with Hort4Kidz

12.30pm-1.30pm | Ages 5-12

Free | Bookings required

Succulents are tough, waterwise little plant characters that are so unique and groovy looking that you'll want to collect them all! Learn the science of succulents and soil, before decorating a pot and choosing a succulent of your own to take home and enjoy!

Storytime Science: Tiny Wonders

10.30am-11.30am | 12.30pm-1.30pm | Ages 3+

Free | Drop in any time! | Auslan interpreted

Storytime Science combines picture book readings with hands-on STEM activities including engaging experiments and creative crafts. Explore the science of seeds through our carefully picked stories, and make your own bouquet of craft flowers to take home and enjoy.

Seed Sphere Scavenger Hunt

10.00am-2.00pm | All ages

Free | Drop in any time!

Search around the library for our hidden seed sites, and make a collection that you can use at the seed sphere creation station. Roll up a Seed Sphere and enjoy the science of seeds long after Science Week ends!
